Anti-Bias & Inclusion Policy

Anti-bias is the practice of inclusion and underpins our Service philosophy. It is the acceptance that all children are valued and respected. We believe in the statement of inclusion as advocated by Early Childhood Australia (ECA) that *'Inclusion means every child has access to, participates meaningfully in, and experiences positive outcomes from early childhood education and care programs'* (2016).

Our Service believes that children have the right to be treated equally and our goal is to develop children's identity and self-esteem in a trusting and supportive environment. All children have the right to be treated equally. Diversity in all its forms should be embraced in Children's Services to help develop positive and accepting attitudes in children and to help them gain a better understanding of their care environment, community, country and the world.

'Educators who are culturally competent respect multiple cultural ways of knowing, seeing and living, celebrate the benefits of diversity and have an ability to understand and honour differences. This is evident in everyday practice when Educators demonstrate an ongoing commitment to developing their own cultural competence in a two-way process with families and communities.' (EYLF Page 16)

Inclusion supports children's rights, fosters diversity and overcomes bias and barriers that may exist preventing children to participate in experiences within our Service.
