## Social Media Policy

---

We recognise both the benefits, and challenges, of using Facebook and other social media platforms in the early childhood setting. This policy has been developed to provide employees, families, volunteers and students with standards of use as they engage in conversations or interactions using social media for official, professional and personal use.

### NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 7: GOVERNANCE AND LEADERSHIP		
7.1.1	Service philosophy and purposes	A statement of philosophy guides all aspects of the service's operations.
7.1.2	Management Systems	Systems are in place to manage risk and enable the effective management and operation of a quality service.
7.1.3	Roles and Responsibilities	Roles and responsibilities are clearly defined and understood and support effective decision making and operation of the service.
7.2	Leadership	Effective leadership builds and promotes a positive organisational culture and professional learning community.

**PURPOSE**

Being part of our Service entails a position of trust and responsibility. We aim to ensure that our Service, children, educators, and/or families are not compromised in any form on Facebook or any other social media platform and that all social media usage complies with our Service’s philosophy, relevant policies, and the code of conduct.

**SCOPE**

This policy applies to children, families, staff, management, and visitors of the Service.

**IMPLEMENTATION**

Social media is defined as “forms of electronic communication (such as websites for social networking and microblogging) through which users create online communities to share information, ideas, personal messages, and other content (such as videos)” (Merriam-Webster dictionary).

We recognise that there are many advantages in using social media to network within Service operations. It is important to approach usage with caution, through careful and systematic management. Whilst healthy debate may provide thought-provoking discussion, there are guidelines in place to ensure that our Service remains open and welcoming for children, families, and staff.

## Kinburra Preschool

The National Principles for Child Safe Organisations recognise the importance of safe physical and online environments to promote safety and wellbeing of all children. Our Service has the responsibility to ensure children and educators are protected from harm when they engage with digital technology including Social Media.

This policy applies to all forms of social media including (but not limited to):

- Social networking sites e.g. Facebook, Twitter, LinkedIn
- Image sharing sites e.g. Instagram, Snapchat, and Imgur
- Music/dance videos e.g. Tik Tok
- Video hosting sites e.g. YouTube and Vimeo
- Community blogs e.g. Tumblr and Medium
- Discussion sites e.g. Reddit and Quora

### PRIVACY

- All staff and educators must remain aware that they represent and could be identified as an employee of the Service through any online activity.
- Staff and educators must maintain appropriate privacy of families, employees, students, children and volunteers.
- Our Service will gain implicit and written family permission prior to posting photos of children.
- Passwords will not be shared without authorisation from management.

In regard to all social media, the Approved Provider, Nominated Supervisor, educators, staff members, volunteers and students will not:

- access personal Facebook accounts or any other social media accounts on any workplace device
- access personal Facebook or any other social media accounts whilst educating and caring for children
- post any photos taken of the children enrolled at the service on their personal Facebook or any other social media account

## Kinburra Preschool

- post any information about the Service, colleagues, children, or families on any personal social media account
- vilify, harass or bully any other person who works at the Service, family or community member connected to the Service
- post offensive or derogatory comments or information that could bring their professional standing or that of the Service into disrepute
- use their personal camera or phones to take photos or video whilst at the Service.

### Personal Social Media Accounts

Staff members are to use their own personal discretion when adding a family of the Service as a 'friend' on Facebook or any other social media. The Service does not recommend that staff add families of the Service to personal social media accounts as they will still be seen as a representative of the Service and required to uphold the Service's Code of Conduct on all posts. It is extremely important not to post information about the Service, colleagues, children, or families on personal social media accounts, as this not only contravenes the Service policies and code of conduct but is considered a breach of the Commonwealth's *Privacy Act 1988* and *Privacy and Personal Information Protection Act 1998*. Families are asked to respect that staff may have a personal policy on adding families to personal social media accounts due to their professional philosophy, and that the Service does not recommend staff to have families as friends on their private account.

If adding families to personal social media accounts, educators will adhere to relevant policies, including the Code of Conduct of the Service.

### Consequences for inappropriate conduct

For inappropriate conduct to be lawful, there is a need to demonstrate a connection between the behaviour and the employment relationship that:

- is likely to cause serious damage to the relationship between the employee and Service
- damages or harms the Service's interest or reputation

## Kinburra Preschool

- is incompatible with the employee's duties in the education and care sector.

A person who has been involved in inappropriate conduct may require reprimand as per our *Code of Conduct Policy*. This may lead to termination of their position.

### Continuous Quality Improvement

Our Service will continue to evaluate and assess our online safety practices through critical reflections, checklists, professional learning and discussions with families and staff.

A staff member will complete online training through the eSafety Commissioner to ensure staff remain up to date with current research and are aware of how to report inappropriate content on social media sites.
